

Idea	Reason	Contact Information	Phone Number
Egg Hatchery	Students will be learning about biology and fish. This is a great place for them to see how it all happens.	920 MN-34, Detroit Lakes, MN 56501	(218) 847-2205
Science Museam	The museum could almost meet any science standard. They have physical, life, earth and space sciences.	120 W Kellogg Blvd, St Paul, MN 55102	(651) 221-9444
International Wolf Center	This teaches students all about wolves. An animal they will most likely learn about at some point in their education	1396 MN-169, Ely, MN 55731	(218) 365-4695
National Eagle Center- Wabasha	This gives kids the chance first hand to see and learn all about Eagles.	50 Pembroke Ave, Wabasha, MN 55981	(651) 565-4989
Astronomer	Students would love to see someone who works with the space aspect of science.	I would contact a professor in the astrology major.	
Forest Ranger	Students can hear all about how to take care of the forest.	I would contact a ranger that specializes in the Itasca State Park	
Minneopa Park	The students can clean up any trash that is in the area to promote a clean Earth.	54497 Gadwall Rd, Mankato, MN 56001	(507) 389-5464
Recycling Center	Students can learn the importance of recycling and what the consequences for not recyling.	520 Fir Ave. W. Fergus Falls, MN 56537	218-998-8000
