

Dear parents/guardians,

Welcome to my classroom! My name is Cassandra Schroer and I am thrilled to be teaching your child this school year.

I grew up in Sartell, MN where I graduated from Sartell High School. I then went to Bethany Lutheran College in Mankato, Minnesota, where I graduated with a degree in elementary education and an endorsement in math. In my free time I like to be outside and go camping in the summer.

In my classroom I believe that the students have a part in their learning by actively participating in the class. Students will be expected to respect the teacher when it is time for class and they will also respect their classmates. The class will have a lot of hands on learning within groups and on their own. Students will be able to discuss with others their ideas or explorations during a lesson.

In the classroom rules and courtesies are seen through a go and stop sign. The photo shows how this will be used: Within the first week of school we will discuss what each word means on the signs and talk about how this can be shown within our classroom.

Finally I am excited to get to know your child this school year and see where they will go in their learning. I also want to stay in contact with the adults in each student's life so I will have conferences when needed. Feel free to contact me about any questions or concerns. I check my phone and email frequently and will get back to you as soon as possible.

Sincerely,

Cassandra Schroer
