

School/Colleagues

Date	Event/Activity	Purpose	Role	Outcome/Result
1/18/2017	Teachers support other teachers	3,4,5 grade teachers meet to discuss problems with students and how to help them	Help teachers with students that are struggling	Teachers support other teachers in helping struggling students in their class.

Narrative Summary:

At this meeting the third grade teachers brought names, tests, and data of students that have been struggling both academically and emotionally in their classes. This was a good way for teachers to get ideas or strategies to help the students in different ways that might work.

Families

Date	Event/Activity	Purpose	Role	Outcome/Result
2/7/2017 and 2/9/2017	Parent teacher conferences	A time for parents to see how their child is doing in class.	I listened to the conversation between Mrs. Lemmon and the parents.	Parents were able to see their child's grades and progress.

Community

Date	Event/Activity	Purpose	Role	Outcome/Result

Type your summary and reflection in the form provided. Attach the fully developed logs. You may prepare a separate log for each placement or generate one combined document.

Examples of Collaboration:

School/Colleagues: Improve total learning environment through team, department, committee, and faculty meetings; discussions with support staff (psychologist, nurse, counselor...); school plays, sports events, dances, clubs, open houses, etc.

Families: Support student learning and well-being through curriculum letters, newsletters, notes, phone calls, informal and formal parent conferences, home visits, volunteers, etc.

Communities: Link school, learning, and community resources through contact with social agencies, field trips, speakers, conferences, newspaper, businesses, government, park clean-up, nursing homes, charities, etc.
