To Whom It May Concern:

Mrs. Lendt was a student teacher in my Kindergarten classroom for three months. She is very interested in educating children of all ages and strives for excellence. It is apparent that she cares for the whole child. Mrs. Lendt is full of fun and creative ideas that she incorporates throughout the school day. She has a clear understanding of the role of education in an ever-changing world.

Mrs. Lendt has been working with children in a variety of ways for quite some time. She has helped in multigrade settings, worked in an early childhood center, and prepared lessons for Kindergarten all the way up to eighth grade. She works hard to have lesson plans completed in a timely manner. I am impressed by the calm nature she exudes while instructing children. She takes criticism well and shares wonderful thoughts and ideas. The students adore her fun personality and well-thought-out lessons.

Not only is Mrs. Lendt equipped to educate children, but she is also a joy to work with. She brings a positive attitude to the workplace and communicates well with both parents and staff. She is punctual and organized throughout the school week. Mrs. Lendt is willing to try new things and eager to take on different tasks. She was willing to decorate halls, direct children in church, and learn new technology. Her talents truly shine in the classroom setting! I highly recommend Alannah to you without reservation.
